ASG: Focused on Your Needs, Delivering Unmatched Value

Companies today face severe time constraints and acute cost-containment pressures. So, they need alternative approaches to bringing their products to market. ASG is uniquely positioned to meet these exacting requirements. Our outsourcing and specialty staffing expertise let us offer a broader selection of solutions than pure staffing companies – and deliver them more affordably than CROs. Ask us how we can make a difference for your pharmaceutical, biotech, medical device or CRO organization.

About ASG

ASG is a global outsourcing and specialty staffing organization that was established in 1986. We work with companies involved with clinical trials and other market approval processes to help them deliver their products on time and on budget.

We provide custom solutions by utilizing our functional outsourcing, our specialty staffing services and a global workforce. Therefore, we're able to work around the clock to meet your specific needs.

Our core competencies include project and data management, statistical programming, clinical operations, biostatistics and medical writing.

We Deliver Predictable Value

We recruit top professional talent across a wide range of disciplines to meet your specialty staffing needs. In addition, we

provide a selection of functional outsourcing services that help you deal effectively with business pressures and co-employment issues. Whether you need on-site staffing assistance or prefer the flexibility that outsource services provide, you can count on ASG to provide the solution that is right for you. We combine the best people and processes, so we are able to deliver value that you can rely on - **value that is certain.**

Unlike CROs and pure staffing companies, ASG is uniquely positioned to satisfy client needs. Our recruiting organization boasts a proven track record and complements our rapidly growing outsourcing business to enable us to offer a broader selection of flexible industry solutions than pure staffing organizations – and deliver them more affordably than CROs.

ASG Differentiators

- **Experience** – We've been providing support to pharmaceutical and biotech companies since 1992.
- **Extensive database** – We've built relationships over time with high-quality, pre-screened clinical professionals.
- **Speed** - We can quickly build your initial team and rescale, as necessary, as the project progresses.
- **Continuity** – Our efficiencies grow from project to project
